BIG OFFER.

We call the attention of our readers to a remarkable club offer we are making in another column for the winter's reading. We are offering a value of $2.50 for $1.00. We hope all our old friends who have gotten in arrears will take advantage of this offer and pay up in advance for the paper. Be sure to read the offer.

Drain on the Forests.

Since 1880 the source of lumber supply have undergone remarkable changes. The first change was in the regions from which the principal kinds of lumber were procured, and this was followed by the substitution of other kinds of wood in their places. Neither the owners of the lumber industry nor the leading classes of woods are the same as they were twenty-five years ago. The cutting out of the virgin timber in the North and East has been followed by increased drains upon the forest resources of the South and West.

Despite these conditions the amount of lumber required has increased year by year. The increase in consumption of timber since 1880 has been more rapid than the increase of the population, and greater than in any similar period in the history of the country. This is shown in a striking manner how much the nation depends upon forest products and indicates how greatly all interests must suffer as lumber becomes scarcer and dearer.

The present consumption of wood in all forms is above 100 billion board feet annually. Estimating the forest area of the United States at from 900 to 700 million acres and the annual growth of 60 board feet per acre, the yearly increase is from 30 to 42 billion feet. At this rate, the annual growth barely equals the amount consumed for lumber alone. Considering all the drains the annual consumption is almost probably three times the annual growth. Deemed economically the standing timber range from 5,500 to 2,000 billion feet. Using the larger figure and considering the annual growth of 40 billion feet, it appears that there is not more than a thirty three years' supply of timber in this country at the present rate of consumption.—Government Expert.

Say that the present timber supply will be exhausted within fifteen years. No matter who is right the city should sound out clear and strong, "Woodman spare that tree."

A stamp from an old Virginia love letter was recently sold for $3,000. As a rule it is the contents of the letter that brings the cash when any part of it is converted into that kind of commodity.—Washington Herald.

Who licked the stamp, the "gal" or the boy? Our price for the stamp would rest largely upon an answer to this question.

The New York Journal of Commerce says it will be "hard work to recover from the panic." It should not be. But speak the one word confidence, and let it have ready answer and the work is done. We have as much money as we had before the panic began to pinch. Start it on its proper mission again and all is well.

The nation has uncovered its head again, and we mean the North as well as the South, in memory of General R. E. Lee and in honoring the immortal has honored itself. Majestic man, matchless leader, stainless citizen, iron ruggible patriot, modest gentleman, humble christian. Will we ever look upon his like again?

Glass as a gubernatorial aspirant is ominously silent, but when he does head out you may expect a whirlwind of a canvass.

The hand writing may be seen on the wall and dispensaries are doomed in Virginia. Neither sun-down closing, absence of treating nor church membership of managers can save them. The liquors they dispense makes drunk and there is the sting.

The legislature seems disposed to give back to the people the powers which was wrested from them by a constitution which though wise in many of its provisions is faulty in others. In this government the people at last are the source of all power and when they are no longer to be trusted the fabric falls and the whole scheme is a failure. "Vox populi, vox dei."

A bill has been introduced in Congress which seeks to make Discovery Day—October 12th—legal holiday. A few more "legal holidays" and regular work days will be about crowded off the calendar.—Washington Herald.

O no, we haven't too many holidays. A little more relaxation from the eternal grind, the everlasting grasp for the dollar would do us all good. We remember when there was two Sundays in each week "All work and no play makes Jack a dull boy." Give the boys more play time, more open air and freedom from the traces.

Sheppards.

Mr. Richard A. Davis died last Friday and was buried at Smyrna cemetery on Saturday. Mr. Davis lived for many years near Curdsville but worked in Farmville a great deal of his time with Mr. Doyne. Mr. Dav s was a consistent christian gentleman, quiet, reserved and modest, a kind husband and father, a good neighbor and a valuable citizen.

There is an unusual amount of sickness in our neighborhood at present.

Your Buckingham correspondent is seeing his righteous soul about the illicit sale of liquor in our good old county. Now, brother, don't you worry about it, for if we didn't have the boot leggers we would have the dispensary, or the licensed saloon. So what's the odds? My decided opinion is that the dispensary system is the best of all modes of handling the liquor traffic, for the reason that the county derives some revenue from it. The fact is no law not backed up by public sentiment can be enforced, and as long as the majority of people want and will get liquor, there is no use trying to enforce prohibition. "Facts like mules are stubborn things."

Whenever the people want the liquor traffic abolished they will run the "blind tigers" out, and the officers will not have to complain that they cannot get evidence to convict. And that day shall come no doubt make the best we can of it, and tax the drinkers accordingly, at least, of the money for our miserable roads.

The prospect now is that the largest tobacco crop known for years will be planted in our section. The reasons for this are, first, the satisfactory prices received so far, and second, a great many men who for several years worked at saw mills, state mills, cutting ties and other such employment will this year have a crop, which means to some a big mistake no doubt, but what can you do? I know many who today are selling tobacco to buy corn to feed horses to make tobacco next. Try it will likely be something next year.

Money is getting so plentiful that a man can carry a piece around in a pocket for luck

A little thing like doing a man an injustice has never yet been much use to Roosevelt.

"Young Rockefeller says money is no good for poor people," says the Atlanta Georgian. The average poor man is estopped from answering this sage remark, lack of experience rendering him an incompetent judge.

Money Should not be A Source of Worry

But it often is. People loan their savings to others. When the interest is due it is not forthcoming. And then the principal itself is frequently lost. Most persons can earn money, but comparitively few are fortunate in placing their surplus in individual loans that are both safe and profitable.

A Mineral Water that Defies Drugs
NATURE'S GREAT BLOOD TONIC

The recent drug exposures in this Country have proven to all that deadly poisons and stimulants lurk in many Patent Medicines. You never know when you might be taking some of that class.

Nature has made ample provision for restoring vigor and vitality to humanity, and the public, as well as doctors, resort to Natural Remedies, when all others have failed.

Are you troubled with **Dyspepsia, Nervousness, Malaria, Kidney or Bladder Trouble, Chronic Diarrhoea or Dysentery,** and above all, that dreadful disease **Scrofula,** which has almost baffled human skill, or **Diseases peculiar to Females?**

Piedmont-Bedford Concentrated Iron & Alum Water

Is Nature's Remedy for Nature's Ills. Yes, when you consider that disease comes from impoverished or run down conditions of the system, this Natural Mineral Water furnishes the system what it needs.

The analysis of this Water, shown on the bottle, tells you what **Nature thinks you should take when sick,** and the doctor who reads it will agree.

Do you notice the grouping together in this Water of 17 different minerals, which are recognized by medical writers as **most powerful blood tonics,** could have been accidental? Reason answers, NO!

At 18-oz bottle of Piedmont-Bedford Concentrated Iron and Alum water contains all the minerals of 25 gallons of the average natural water—Then **why buy a barrel one dollar.** The dose is a teaspoonful in a glass of your own spring water.

How this Water acts upon the system is not clearly known. It is judged mainly through its action as a powerful **BLOOD TONIC.**

We have many valuable certificates, which we will be glad to mail, if you are interested.

We call attention to the change in the advertisement of Purdum & Caldwell. They are offering some rare bargains, and it would be well for buyers to investigate.

The Woman's Missionary Society of Liberty Baptist Church will meet at the residence of Mrs. C. W. Hancock on next Wednesday, February 5th at 3:30 p. m. All are urged to be present

Mrs. Lucy Dickerson, wife of Capt. J. F. Dickerson died at her home near Anderson's Mill Sunday evening at the age of 63. The immediate cause of her death was pneumonia. The deceased was a cheerful christian lady, bright and cherry and it was a real pleasure to converse with her. Her home dispensed a generous hospitality and she was popular with all classes. She was a member of New Hope Baptist church and the church and community have lost a faithfaithful friend. Her remains were interred in the family burying ground Monday and quite a crowd of sorrowing friends and relatives attended.

Miss Vashti Davis and Mr. Floyd Wooldridge were married at the home of the bride at Evergreen today by Rev. W. L. Murphy. The bride is the youngest daughter of R. L. Davis and the groom is a son of Mr. Ed Wooldridge, both prominent families of this county.

L. E. Smith will give 10 per cent off on his entire stock beginning February 1st for one week except on special sale and groceries for cash.

Prospect.

Since our last writing some of our correspondents have been quite poetic. Of course we enjoyed it very much and took their criticisms in good part. The facts set forth by the "Deer Slayer" are absolutely true and can be substantiated.

Mr. E. S. Taylor has been quite sick for several weeks but is now slowly improving.

Mrs. Pat Fore is still very sick.

Mrs. Robert Carter is very much on the mend.

Miss Marion Binford, of Concord School in Buckingham county, is sick.

Mrs. George M. Pollard near Sheppards, is one of the worst sufferers in our section.

We are grieved to hear of the death of Mr. Dick Davis near Curdsville. The interment took place at Smyrna church on the 25th. He will be sadly missed by his many friends.

The Legislature seems to be getting down to business now. If Mr. Featherstone's bill passes, now pending, it will be a little langer one to carry concealed weapons and furthermore it will prohibit the sale except to officers of the law. The fines will be pretty severe but not too much. There is another bill of great importance to us we hope to see passed, that is the Torrens bill. I think it is the duty of all to do everything in their power for the passage of this most important bill.

Mrs. J. D Forbes has returned from Richmond.

While in company with some of the ladies recently from the west on our way home from church, one of them remarked that those long noses were so sharp they could drink out of bottles. The young man on the opposite side said, "There were other animals that could do that." 'DEER SLAYER'

Cutting Affray at Concord.

A gentleman who was at Concord yesterday states that a serious cutting and shooting affair took place in the morning. Burk Johnson, said to be of this city and Jim Lewis both colored, had a quarrel in the latter's house, during which Johnson cut Lewis so badly that his intestines were exposed. Although so terribly wounded Lewis managed Johnson to an upper room in the house, and shot him in the leg. Johnson was arrested by Constable M. D. Haden, and the wounded Lewis was removed by Dr. Ould, assisted by Dr. Dew, of this city, who happened to be in Concord on professional business.—Lynchburg News, today.

Help the Mail Man.

The postmasters on the rural routes desire to call attention to the patrons of the rural delivery of placing loose coin in their boxes each time they desire to dispatch letters instead of supplying themselves with postage in advance of their needs.

This practice imposes undue hardship on the rural carriers in removing loose coins from boxes and delays them on the service of their routes.

The postmasters, therefore, urgently request that patrons of rural delivery provide themselves and keep on hand a supply of stamps, consistent with and in advance of their needs. It is also very desirable that rural patrons place in their mail boxes small detachable cups of wood or tin in which to place coin when necessary, in purchasing supplies of stamps.

Deafness cannot be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

No. 23. 75 Acres. $15,000.00

This handsome residence within one and one half miles of a prosperous city, and within one hour's ride of the National Capital. Everything about the premises is in splendid order and a model home for some one. The land is not rough; it is smooth and stands as to cultivation about as follows:

30 acres in corn.
15 acres in wheat.
5 acres in fruit garden.
5 acres in lawn and garden, and fruit.
The residue in pine wood.

The land is very rich and fertile and is easily tilled. The residence is a handsome one and contains nine rooms and hall, which may be purchased at $10 per acre.

The outbuildings and grounds are shaded by running streams—three branches, besides several fine springs.

No. 24. Residence—No. 3. This is a handsome brick building with slate roof; steam heat; hot and cold water on both floors; sanitary gas; 9 rooms and cellar and two bath rooms.

Lot. This is a frame building. Hot and cold water on first floor. Beautiful lawn and fine view of surrounding country. 8 rooms.

No. 3. Frame servant's house of four rooms.

No. 4. Large barn, shedded on three sides; two stories; room for 8 horses and six cows.

No. 5. Carriage house, poultry house, also meat house, etc.

You can make one of the handsomest country homes in the state of Virginia, or make home for some rich or other, or school.

If interested call on or address the owner of the buildings and grounds, who will be glad to show you the location parties only.

Terms reasonable to purchaser, every convenience wished for. Less than two miles to important city, several R. R's.

No. 25. 325 Acres. $10,000

This is certainly a handsome property, being, as it does, along the main street of a thriving little town on it, with the best school, church, telephone and express facilities; the land is nice and smooth, finely watered, orchard and every necessary outhouse, all in good repair. The land is in a high state of cultivation by tenant now on place.

There are two dwellings on the place. Good six room house and new tenant house, with good outbuildings, and two tobacco barns.

There are no finer buildings on the place. Good tin roof and new sills are near at hand and building material on the place. Good water and healthy, as survey of the Appomattox and Charlotte Rail ay passes through the property. It is twelve miles of Pamplin City, Va. & W. Ry., and seven miles to the Tidewater R. R. at Farmville. Any one would certainly find a fine home for some one.

Remember this farm is in a high state of cultivation and is not worn out, and the purchaser who locates upon it can go right ahead making money and will not be farming it. We do not hesitate to say that it is a bargain.

H. C. BABCOCK T. W. MOSES

Appomattox Warehouse.

Opened up brisk on Monday the 6th. All types were well represented and the prices obtained or the week were very satisfactory. We now have four regular buyers and on 14th the assurance we now have before us we see no reason why farmers should not give us their fall patronage. Sales every day except Saturday. Come to the Appomattox Warehouse and save expenses, save distance, be happy and make us happy. Yours to please,
